Peg-Pérego
MADE IN ITALY

Peg Perego, a big, worldwide family.

“When new products enter people’s lives and stay there, playing a small but unforgettable role in their personal journeys, it means that those products were made intelligently and lovingly”.
Since 1949 we have focused solely on creating products for children.
We like to think that many families have chosen our goods because we too are a big family.
Everyone contributes their specific skills and know-how to the success of a joint project. Therefore, behind the safety, aesthetic appeal and sturdiness of each Peg Perego stroller, car seat, or toy, there is not only a brand but also a name. The name is that of the contributors, in accordance with an Italian tradition that has become the heritage of all of the countries in which we manufacture our goods.
“Made by Peg Perego” is more than just an advertising slogan. It is the style of a company and a means of feeling part of a community.

Numerous solutions, with italian high quality.

Technological innovation, comfortable and durable fabrics, safe materials, painstaking attention to detail and superb performance.
Peg Perego products are known all over the world as some of the finest exponents of Italian manufacturing, thanks to the exclusively Italian care behind them.

Tested safety throughout the world.

Peg Perego products satisfy safety criteria that go beyond national boundaries, choosing always to comply with the strictest safety regulations.

Leading the way in wellbeing.

In everything that we do, we never lose sight of the fact that the people who use our products every day are parents and their children.
The final objective of every Peg Perego creation is complete wellbeing for the entire family.

Customer service.

Choosing a Peg Perego product means feeling safe even after the purchase.

Out and about with Peg Perego

Moving about with children can be challenging if you don't plan everything down to the last detail. That is why Peg Perego has developed its **modular systems**, allowing you to make up the best "means of transport" for you and your child, based on your lifestyle and needs. The solutions provided are many, and all with the distinctive quality and creativity of Italian-made products.

Freedom of choice your **modular system**

1. Select the carrycot
2. Choose the chassis best suited to your lifestyle
3. Choose your favourite collection
4. Match the Pop-Up seat unit and the Primo Viaggio SL car seat with your collection

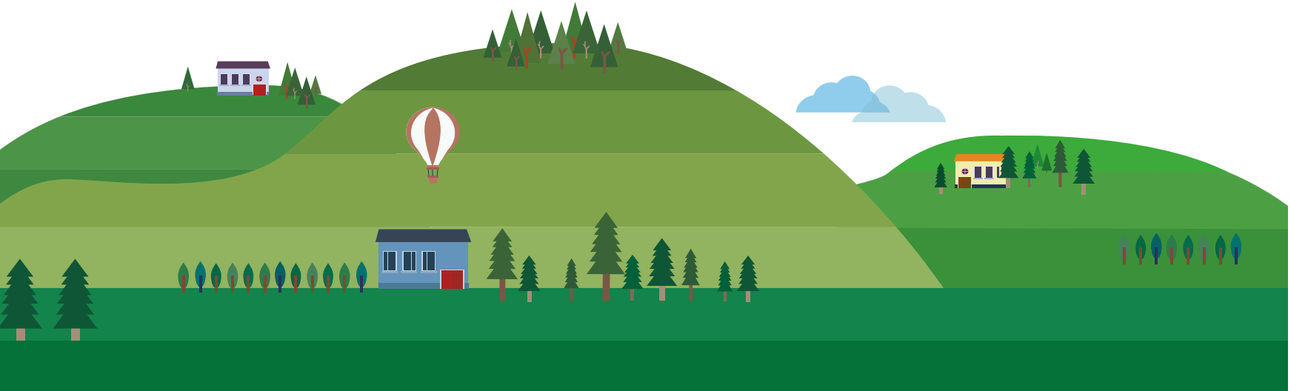
1 Select the carrycot

Navetta Elite

Elite lifestyle:
integrated leather look handle,
stylish finish and fashionable inserts.

Navetta Pop-Up

Smart design.
Foldable. Space-saving bassinet, folds on the chassis.



2 Choose the chassis best suited to your lifestyle

Carrello Book S

Jet or White / Black

Characteristic top and exclusive off-road technology.
Great comfort on all surfaces.

- Sheer elegance, comfortable, adjustable, leather look handle
- Foldable
- Easy to open, fold and push with just one hand
- Side pirouette control
- Easy Drive System: 360° of manoeuvrability (12 roller bearings)
- Soft-Ride wheels (manoeuvrable even on bumpy surfaces, tiles, cobblestones…)
- Roomy basket with easy-load system
- G-Matic system for attaching modular components to the chassis

Carrello Book 51 S

Jet or White / Black

Unique details and exclusive off-road technology.
Compact - only 51 cm - perfect for use in small spaces.

- Compact size, 51 cm wide and comfortable, adjustable, leather look handle
- Extra compact, foldable
- Easy to open, fold and push with just one hand
- Side pirouette control
- Easy Drive System: 360° of anoeuvrability (12 roller bearings)
- Soft-Ride wheels (manoeuvrable even on bumpy surfaces)
- Roomy basket with easy-load system
- G-Matic system for attaching modular components to the chassis

Viaggio Isofix System

LEARN

One base, 2 car seats and 4 years of safety together

The ISOFIX system provides a safe connection between the vehicle's seat and the child seat without the use of the vehicle's seat belts, thus simplifying the installation procedure.

Our Isofix system consists of: an Isofix Base 0+ 1 K, a Primo Viaggio SL car seat and a Viaggio1 Duo-Fix K car seat. Guaranteed safety from 0 to 4 years.

Isofix Base 0+ 1 K can be attached to the Isofix connectors in the car, with no need to use the vehicle's safety belts. It will then be ready for the car seats to be attached.

Primo Viaggio SL

Group 0+
(0-13 Kg)

Isofix Base 0+ 1 K

Group 0+ 1
(0-18 Kg)

Viaggio1 Duo-Fix K

Group 1
(9-18 Kg)

Isofix Base 0+ 1 K

LEARN

Group 0+ 1

(from 0 to 18 Kg) from 0 to 4 year

Approved under the European regulation in force (ECE R44/04) for children weighing from 0 Kg to 18 Kg (approximately 0 months to 4 years). Isofix Base 0+ 1 K is a car seat base for use exclusively with the various versions of the Primo Viaggio SL and Viaggio1 Duo-Fix K car seats. Is fastened to the car's Isofix fasteners, without using the safety belt, and is ready for the car seat to be fastened to it.

Belted Base

Group 0+

(from 0 to 13 Kg) from 0 to 1 year

Approved under the European regulation in force (ECE R44/04) for children weighing from 0 Kg to 13 kg (0-1 year).
The Belted Base can be fastened to the car with the vehicle's seat belt and left in the car ready for the car seat to be attached to it. The anti-rebound bar protects the child in the event of collision, for total safety.

Primo Viaggio SL

LEARN

Group 0+

(from 0 to 13 Kg) from 0 to 1 year

1 “Adjustable Side Impact Protection”: 5-position adjustable side impact system, guaranteeing maximum safety as your child grows.

With G-Matic System you can attach Primo Viaggio SL to its bases, to Peg Perego chassis and strollers.

2 3-point safety belt with soft padding and an anatomic cushion for the newborn baby.

3 Adjustable hood. Adjustable handle.

4 Achieved the maximum score of 5 stars as the best product in its category in crash tests conducted in June 2013 by ADAC, TCS, Stiftung Warentest and OAMTC.

Matching with the carrycot units and the strollers.

The child’s favourite toy can be hung from the hood.

Viaggio 1 Duo-Fix K

LEARN

Group 1

(from 9 to 18 Kg) from 1 to 4 years

1 "Adjustable Side Impact Protection": the adjustable harness and headrest can be put into 7 different positions to give maximum safety throughout the child's growth.

2 Safety harness complete with shoulder pads, adjustable, which can be repositioned on the seat thanks to the fastening system, to allow easy positioning of the child. Broad, padded seat with booster cushion.

3 The seat can be reclined into 4 different positions, so the child can fully relax on long journeys, even when sleeping.

Achieved a score of 4 stars in its category in crash tests conducted in June 2013 by ADAC, TCS, Stiftung Warentest and OAMTC.

Certifications and ratings:
synonyms of quality and safety.

Peg Perego has been an ISO 9001 certified company since 2002. Peg Perego was extremely keen to obtain this certification, which guarantees maximum transparency about our working methods for our customers.
Of course the top priority is the reliability of the products, which are put through the strictest safety tests.
Car seats manufactured by Peg Perego are distributed in Europe, North America, Latin America and Australia, where they are certified according to different standards, all of which are very strict. Because of this, our products comply with European Standard R44/04, but they exceed the requirements of this standard in terms of performance and safety. However, they do not only comply with mandatory certifications: our products are selected and examined by the leading European rating agencies, most importantly by Siftungwarentest in Germany, ÖAMTC in Austria, TCS in Switzerland, RACC in Spain and ACI in Italy.
Our car seats are also tested in keeping with the Euro NCAP protocol at the famous ADAC: Crash Test Centre in Munich, where the products are subjected to a side impact test and a frontal impact test at a speed 40% higher than the speed required by European standards. The tests include parameters such as ergonomics, ease of use and quality of materials, so as to give our products a fully comprehensive rating.

Approval label

Every car seat approved under the European standard UN/ECE R44/04 comes with an orange label bearing the information required to identify it as an approved child safety device.

_ The top of the label displays the trademark of the manufacturing company and the name of the product.
_ The term SEMI-UNIVERSAL class E indicate the compatibility of the child car seat with vehicles fitted with Isofix attachment systems.
_ The letter E in a circle indicates the European approval mark and the number indicates the country that issued the approval (1: Germany, 2: France, 3: Italy, 4: The Netherlands, 11: Great Britain, and 24: Ireland).
The approval number unambiguously identifies the certification of the product.
_ Reference standard: ECE R44/04.
_ At the bottom of the label there is a serial number, which ensures that the product is traceable.
